## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) has activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

- Nothing significant to report.

#### Cal OES SOUTHERN REGION

- Nothing significant to report.

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/01/22 at 1630 hours:**

- 8,955,662 total confirmed cases.
  - 102,164 Delta
- 90,719 total deaths.
  - 231 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# Weather Key Points

Regional Operations Center

Western Region

Monday, June 6

- Generally drier weather is expected through the week, though a few light showers are possible near the Oregon border Tuesday night, and potentially next weekend
- Temperatures will see a steady warming trend through this week and into the weekend
  - Readings will likely exceed 100 degrees across mainly inland areas, including the entire Central Valley, and may approach 105 degrees by Friday and the weekend
  - Moderate to high heat risk impacts will develop from midweek through the weekend for the Central Valley and interior portions of Southern Region, with the hottest temperatures likely occurring Friday and Saturday
- Winds will remain locally gusty many afternoons for mountain and foothill locations across the state, bringing periods of elevated fire weather conditions, particularly to the southern half of the state

# Precipitation Forecast

Regional Operations Center

Western Region

Monday, June 6

**No significant precipitation is  
expected through Wednesday**

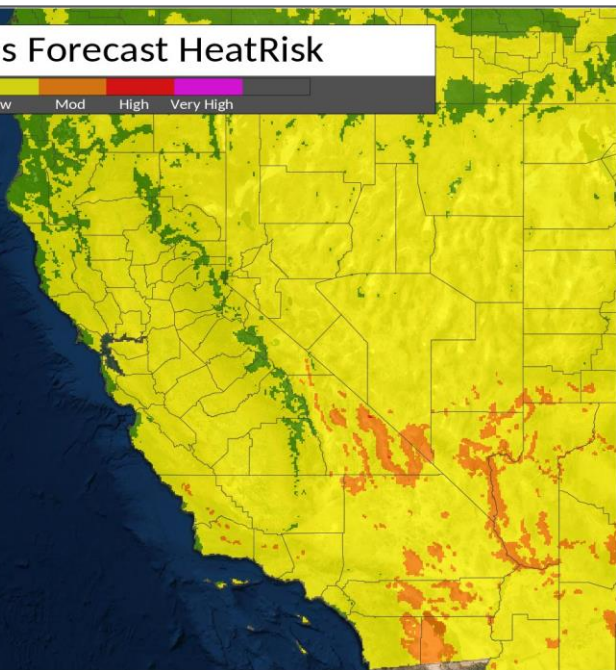

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

Monday's Forecast HeatRisk

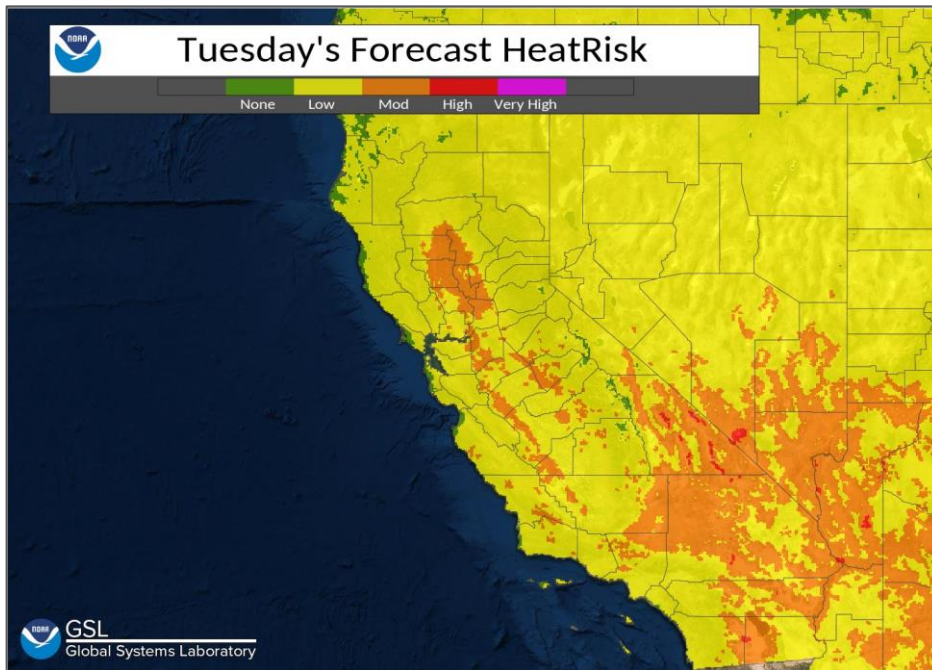

None Low Mod High Very High

GSL  
Global Systems Laboratory

Tuesday's Forecast HeatRisk

None Low Mod High Very High

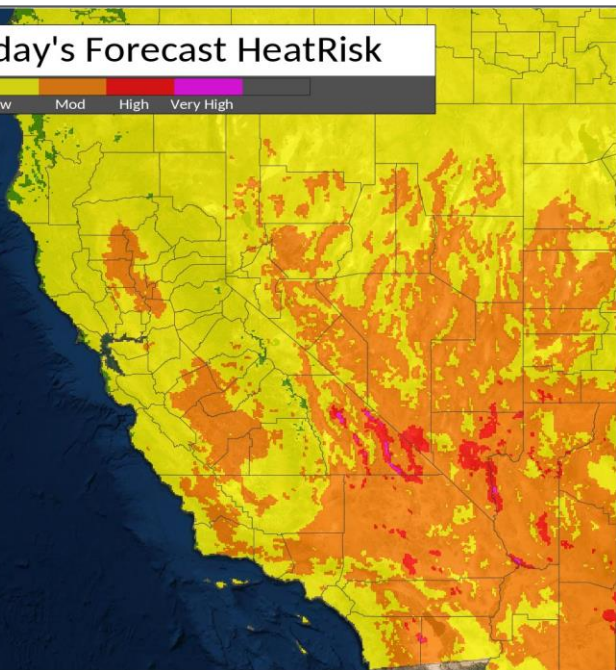

GSL  
Global Systems Laboratory

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Monday, June 6

## 6-10 Day Outlook (June 11 - June 15)

### **Temperatures**

- Above normal temperatures are strongly favored statewide

### **Precipitation**

- Near normal precipitation is favored for most of the state

## 8-14 Day Outlook (June 13 – June 19)

### **Temperatures**

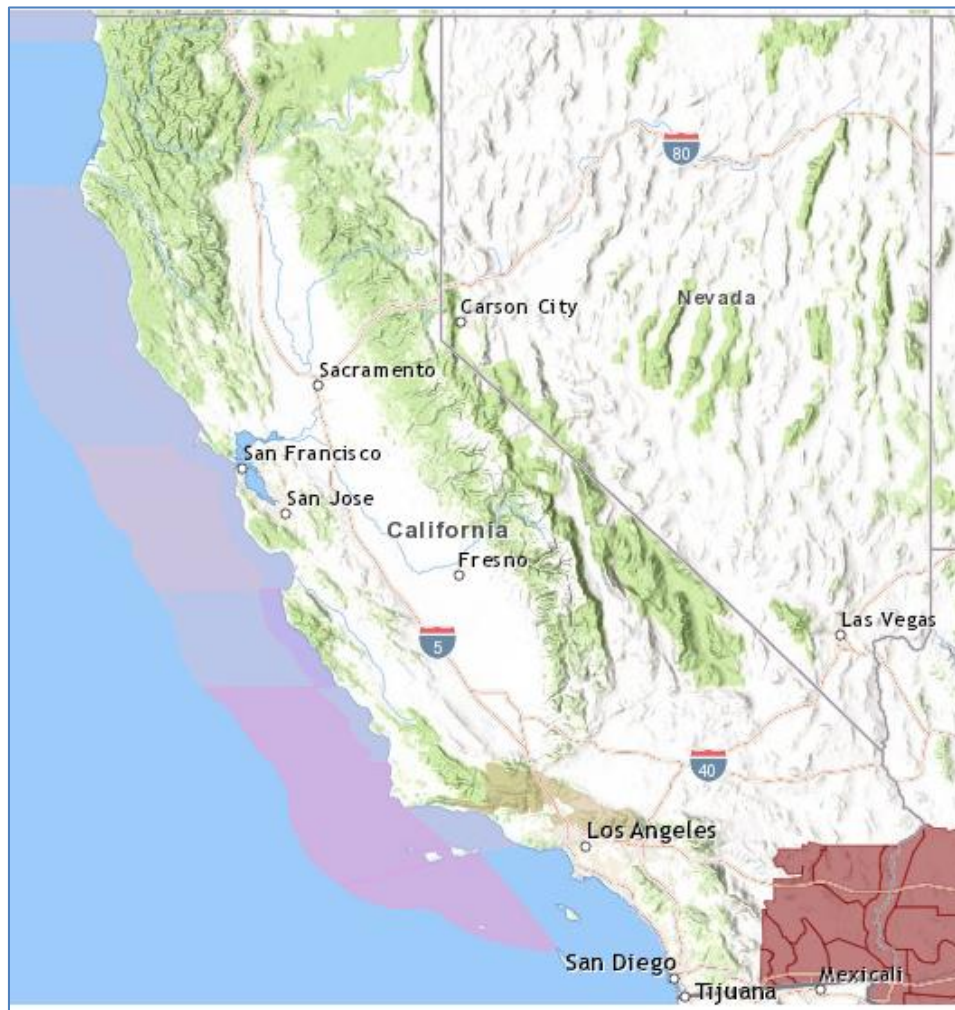

- Above normal temperatures are favored to continue across the southern two-thirds of the state, with below normal temperatures favored for far northern California

### **Precipitation**

- Near normal precipitation is favored for most of the state

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-78814, 06/01/2022 at 0900 hours**, Nevada County Sheriff (NCSO) contacted the LDO and requested two side scan sonar equipped boats to search for one missing male in Scotts Flat Lake in Nevada County. IC and launching are at the Scott's Flat Lake gate #2 launch ramp, 2333 Scott Flats Road, Nevada City, CA. Butte Sheriff and Yuba Sheriff are both responding with one boat each with side scan sonar with an eta of 1400 hours. At 1726 hours, NCSO is requesting an additional boat with a towable sonar array and a C3 K9. LDO contacted Santa Clara Sheriff Office who will provide the additional boat with towable sonar array starting 6/2/22 at 0800. WOOF was unable to provide the C3 K9 team due to a schedule conflict. **Update: 06/02/2022, 1655 hours**, NCSO advising MP was not located and all mutual aid resources have been released. NCSO is not requesting any additional assistance and will continue the search with in-county resources only. **\*\*Update\*\*** Mission re-opened- 6/2/2022 1750 hours, NCSO has not located the MP and is requesting a Water/HRD K9 team for an operational period on Monday, 6/6/2022, with a 0800 briefing. Cal OES LEB coordinating the response. WOOF has accepted the mission and is coordinating with NCSO's IC. **Mission On-going**
- **2022-LAW-78888, 06/04/2022, 2132 hours**, AFRCC advising of a PLB activation at GPS coordinates 36.488835 -118.209999 plotting between New Army Pass Trail and Cottonwood Lake #1 within Inyo County. AFRCC advising the device has no registration or generation of model information. At 2156 hours, LDO relayed activation information to Inyo County Sheriff's Dispatch (ICSO) who initiated a SAR response. **Update: 6/5/2022, 0621 hours**, ICSO advising of an IC change and a ground team identified heading toward the activation. LDO updated AFRCC who advised signal was still detected and its location had not changed. **Update: 0945 hours the ICSO ground team arrived at the trailhead. 1145 hours, ICSO made contact with the device owners and determined it to be an accidental activation and a potential malfunction of the device. Per AFRCC the device was still activated. By 1258 hrs the AFRCC advised the device had gone into a 'no detect' status. ICSO team demobing. AFRCC advised. Mission Closed**
- **2022-LAW-78896 06/05/2022, 1231 hours**, the IERCC advised of an inReach SOS activation at GPS coordinates 34.223893, -117.586949, plotting on the Cucamonga Peak Trail in San Bernardino County. The registered owner of the device messaged that an adult female member of their hiking party had suffered a possible ankle break, was in a lot of pain and non ambulatory. LDO relayed activation information to the San Bernardino County Sheriff's Dispatch (SBSD) who initiated a SAR response by their aviation team, Air Rescue 306. **Update: 1436 hours, SBSD dispatch advised they were still attempting a hoist rescue but also sending a ground team. 1730 hours, SDSD advised the injured party was airlifted to the dam to meet fire and AMR officials who transported her to San Antonio Hospital in Upland. IERCC notified. Mission Closed.**
- **2022-LAW-78906 06/05/2022, 1605 hours**, the IERCC advised of an inReach SOS activation at GPS coordinates 34.277923, -118.007262, plotting near the Angeles Crest Highway in Los Angeles County. The registered owner (R/O) messaged thru the device of a vehicle accident with non life threatening injuries. The R/O confirmed he was reporting it on behalf of those involved in the accident. LDO relayed activation information to Los Angeles County Sheriff's Dispatch (LASD) and included a link to the coordinates and location provided by IERCC. **Update: 1701 hours, LASD confirmed that Fire and CHP were in route and determined it to be a vehicle rollover with unknown injuries at MM 43.3. The R/O departed the scene upon arrival of emergency personnel. IERCC notified. Mission Closed.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 05/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.
